

WOOD RESEARCH

Volume 53, Number 4, 2008

CONTENTS

1. KATARINA ČUFAR, PETER PRISLAN, JOŽICA GRIČAR: Cambial activity and wood formation in beech (*Fagus Sylvatica*) during the 2006 growth season 1
2. CRISTHIAN AGUILERA, RICHARDO SANCHEZ, ERIK BARADIT: Internal wood inspection with Active Contour using data from CT-Scanning 13
3. MARIN HASAN, RADOVAN DESPOT, TOMISLAV SINKOVIĆ, VLADIMIR JAMBREKOVIĆ, ANDRIJA BOGNER, MIHA HUMAR: The influence of sterilisation by gamma radiation on natural durability of wood 23
4. JOŽICA GRIČAR, TOM LEVANIČ, PRIMOŽ OVEN: Parameters of gompertz function for evaluation of wood formation dynamics expressed as number of cells or measured widths in norway spruce 35
5. MÁRIA DIANIŠKOVÁ, MARIÁN BABIAK, LÁSZLÓ TOLVAJ: Color homogenisation of cherrywood (*Cerasus Avium* L.) And black locust (*Robinia Pseudoaccacia* L.) During steaming 45
6. HILMI TOKER, ERGUN BAYSAL, AYHAN OZCIFCI, MUSTAFA ALTINOK, ABDULLAH SONMEZ, FATIH YAPICI, SUAT ALTUN: An investigation on compression parallel to grain values of wood impregnated with some boron compounds 59
7. M. ŠIPÖCZ, M. ROSENBERG, L. KRIŠTOFÍKOVÁ: *REVIEW* - Microbial utilization of lignocellulose composites: Fundamentals and applications 69
8. MIHA HUMAR, BOJAN BUČAR, FRANC POHLEVEN, DANIEL ŽLINDRA: Influence of ethanolamine on lignin depolymerization and copper leaching from impregnated wood 85
9. DANICA KAČÍKOVÁ, FRANTIŠEK KAČÍK, TATIANA BUBENÍKOVÁ, BOŽENA KOŠÍKOVÁ: Influence of fire on spruce wood lignin changes 95
10. MUALLA BALABAN UCAR, GUNES UCAR: Variation of wood acidity in hard- and softwoods during storage up to one year 105
11. BORUT LIKAR: The influence of innovation, technological and research processes on the performance of slovenia's woodworking industry 115
12. MURAT OZALP: *SHORT NOTICE* - The investigation of borax pentahydrate influences with double components in varnish applications of wood materials 121
